

MUELLER RECORD

INSIDE ONLY

JUNE 1940

NO. 81

VACATION TIME AGAIN

On Your Return Give the Record An Account of Your Trip

It's vacation time again. Some of the members of the organization are now on the highway or out in the great open spaces. Others are making plans. Troy Roush with his family are near starting time for the west coast. They expect to be away three weeks and are going to visit all points of interest which will include San Francisco and Los Angeles. Marian Richards is turning her eyes to the Canadian northwest, expecting to make the trip by train.

We should like to impress on all vacationists to give the Record a report of their journey upon their return home. Don't be modest. We don't know when you return, so give us a ring or come and tell us. Readers of the Record enjoy these accounts. They are not only interesting but are instructive and educational. If you get some suitable snap shots we will be glad to use them. Last year we had a number of excellent accounts of trips and we want more this year.

Remember the Record is published for your enjoyment. Send in not only your vacation trip but any news that will interest your friends.

Prize Poppies

Blue Lusk was displaying some of his prize poppies one Saturday morning recently. Blue's hobby is flower raising and he certainly has some lovely specimens. The poppies he had at the office measured eight inches in diameter, and were a most gorgeous shade of red-orange.

Mrs. Wood Recovering

Mrs. Stephen L. Wood, mother of Elois Wood of the Stationery Department, has returned to her home following a major operation performed May 15, at St. Mary's hospital. She is recovering nicely.

Joe Fleckenstein, formerly the clerk in Dept. 9, has been transferred to the shipping department, and Jack Enloe, Dept. 8, has been made clerk.

MUELLER SOCIAL CLUB

Annual Picnic Will Be Held June 22 Instead of June 15

Mueller Social Club annual picnic will be postponed from the regular meeting date June 15, 1940 to June 22, 1940.

This Picnic is to be held at the Mueller Athletic Club.

Each member should bring a fried chicken, bag of potato chips, bread and butter sandwiches, a dish of food and table service.

There will be a Hobby Show.

For further information concerning this Hobby Show, call any member of the committee:

Mrs. W. S. Enloe, Chairman, Mrs. Francis Carroll, Mrs. Matt Trott, Mrs. Walter Auer, Mrs. Al Bashore, Mrs. Burt Jackson, Mrs. F. A. March, Mrs. Loyle Davis, Mrs. Roy Whitaker.

MRS. PETE DUNCAN NEW PRESIDENT

The Mueller Social Club entertained their husbands at a potluck supper held in Mueller Lodge, May 15. Thirty-six members were present, with the hostess, Mrs. Marshall Hobbs assisted by Mrs. Howard Gragg, Mrs. John Smith, Mrs. W. S. Anderson, Mrs. Al Bashore, and Mrs. Ray Kileen.

The tables were decorated with lavender crepe paper, pink and green paper bows hung over the lights, and the table bouquets were of white snap dragons and lavender lilacs, pink, green, and lavender candles carried out the color scheme.

The committee served meat loaf as the main dish, and Newly-Wed ice cream rolls for dessert.

Bingo was played for entertainment, with prizes being won by Mrs. W. S. Enloe, Mrs. M. W. Trott, Charles Enloe, Al Bashore, Mary and Florence Tauber.

An election of officers was held with Mrs. Pete Duncan elected president, Mrs. Howard Gragg, vice-president, and Mrs. Ray Kileen, secretary-treasurer.

June 22 was chosen as picnic day for the Club.

At work, at home, at play, always keep a safety thought in mind.

WOOD-COZAD WEDDING

Miss Elois Wood, daughter of Mr. and Mrs. Stephen L. Wood, and Delos Cozad, son of Delos V. Cozad of Ridgefarm, were married June 19 at 2 P.M. in the First Methodist church by Rev. A. Ray Grummon, former pastor of the church but now in Springfield. Mr. Cozad is a grandson of the late Mr. and Mrs. Philip Mueller, and is a medical student at Northwestern University, having just completed his sophomore year.

The bride wore milk chocolate and white silk print Redingote with white linen coat, matching spectator pumps, white off the face Panama hat trimmed with matching grosgrain ribbon, white gloves and purse. She wore a corsage of purple orchids.

They will be at home about July 1 at 210 E. Walton Place, Chicago, following a wedding trip to Wisconsin.

Attendants were Virginia Lee Deery and Clarence L. Cozad, brother of the bridegroom.

The formal announcement of the engagement of Miss Elois Wood to Delos R. Cozad was made at a tea in the Decatur Club on Saturday afternoon, June 1. About seventy-five guests attended. The date for the wedding, June 19, was revealed on a pennant atop a little sail boat sailing on a glass lake surrounded by pink sweet peas.

Elois had been wearing her diamond since the Christmas holidays, but had not made public the wedding date.

Mrs. Delos V. Cozad stood in the receiving line, and the sisters of bride-to-be, Mrs. J. T. McNulty of Farmersville and Marcia

Jeanne Wood poured. Assistants were Miss Frances Sanders, Miss Henrietta Dawson, and Miss Carolyn Hilligoss.

Miss Elois Wood of the Stationery Department was honored with a miscellaneous shower at the Mueller Athletic Club on Tuesday evening, June 11, by the office girls with whom she has been associated for the last four years. Her gifts included a starter set of Fiesta and many lovely pieces of linen and chinaware. The evening was spent playing Hearts, with prizes won by Marjorie Roarick, Addie Hambleton, and Marcia Jeanne Wood. Table decorations were of pink, white, and green, with small candy corsages for favors, a bridal party center piece, and lighted candles and bouquets of mixed flowers. Hostesses were Opal Jackson, Dorothy Cooper, Ferné Pope, and Helen Pope.

Durham-Rubicam

Miss Dorothy Durham and Jack Rubicam of the Cost Department were married Saturday evening, June 8, at the First Methodist church by Rev. Thos. B. Lugg. Attendants were Mrs. Marie Parks, sister of the bride, and Jay Emery.

The bride is the daughter of Mr. and Mrs. Orville Durham, and the bridegroom the son of Mr. and Mrs. C. E. Rubicam. Mr. Rubicam is a tool-maker in Department 36.

Mr. and Mrs. Rubicam will be at home in a couple of weeks at their house on Ridge Avenue on Lake Decatur.

Safety News

RELAXING AT HOME

When I am in the woods I have been very careful to form the habit of breaking my matches after using them to make sure they are out. I have been doing this so long it is second nature—outside. So I don't know why I pile cellophane and empty cigarette packs into my ash tray at home, and create a hazard far more real.

To make it worse, my last act at night is to smoke a cigarette, rub out the glow in the tray, put out the reading light and go up to bed. Some night that glow will not be entirely rubbed out.

I'm still too lazy to get up and put the paper scraps in the basket where they belong, but I'm beginning to stick them in my pocket instead of the ash tray.

My home is on a corner lot and often I park my car on the side street. It was only a few days ago I noticed that when it was parked in the usual place it combined with a tree and some shrubbery to screen the corner as effectively as a billboard. Other drivers coming from the east on the side street, cannot see approaching traffic on the other. Parking the car 20 feet back eliminates that hazard.

The purpose of all this personal piffle is not that I think there is anything of interest about me or my habits—good or bad. I just want to lead up to a couple of points that can be remembered to good advantage.

Try a Personal Inventory

First: We form habits unconsciously and seldom recognize them unless they are called to our attention or unless we consciously examine our methods of doing things. The kind of habits formed at work are important. Take a few minutes to think of your own.

Have you any careless habits with sharp tools that might catch up with you? (I carried my sharp pencils for 20 years before they did.) If you lift or carry materials do you lift or carry the proper way? Do you take a "short cut" to the lunch wagon or time clock where you expose yourself to a hazard not found in the aisles? Do you make it easier for the jitney drivers and safer for yourself by giving them due consideration? If you carry ladders or any other awkward articles do you carry them with regard for men all around you? But these are only suggestions. A personal inventory of your own accidents on the job—or elsewhere—is really a very interesting procedure and one that may be very important to you.

Point two is that there is something of a sense of accomplishment in correcting a habit, once it is formed. Correcting bad work habits is not like stopping tobacco—an almost hopeless effort. They can be corrected with very

little effort, and there is satisfaction in the job. Try this habit inventory idea.

(Here is the frank confession of a safety man who, like all of us, has to be on guard against careless habits. It is from Chrysler Motors Magazine.—Ed.)

SEVERE BURN

Carl Dodwell received a badly burned finger Decoration Day in an attempt to light a cigarette while driving. Carl was using safety matches, but neglected to close the cover. The entire book became ignited and stuck to Carl's finger. By the time he had succeeded in stopping the car and removing the burning matches, his finger was burned to the extent of a third degree burn.

RESOLVED

1. I will use extra caution in selecting and using a ladder.
2. Before using a tool grinder, I will see that the tool rest is not more than $\frac{1}{8}$ " from the grinding wheel.
3. I will report to my foreman any unsafe conditions or practices.
4. I will never attempt to lift beyond my own strength. If an object is too heavy to lift alone, I will get help.
5. I will report any injury to the hospital promptly.
6. I will never use compressed air to blow dirt off my clothing or direct compressed air toward another employee.
7. I will never allow my tools to have mushroomed heads.
8. If any person is in danger of being hurt due to my job, I will ask him to move.
9. I will wear my goggles or eye shields—all of the time.
10. I will keep tools and other materials off the floor so there will be no stumbling hazard.
11. I will not be a chance taker as I realize it does not pay.
12. I will learn from near accidents to prevent serious ones.
13. I will be careful of sharp edges on roofs and panels.
14. I will help others to work safely.

—The Conveyor

Keep your mind on the task you are engaged in and use common sense. This will save you from many injuries.

MONT HENDERSON TO N. Y.

Going Back There, This Time as Assistant Manager

M. E. Henderson, lately with the Pacific Coast Factory, Los Angeles, spent a week here while enroute to New York where he will become Assistant Manager to C. J. G. Haas. But he has had to do lots of traveling to accomplish this.

Monty might be dubbed "a peripatetic Mueller employee." Finishing high school in 1912 he came to the Mueller Co. twenty-eight years ago and was first assigned to the upkeep stock department and later was in the claim and sales department.

In 1917 he was sent to the New York office where he did general office work and next landed in Washington, D. C. under leave of absence while he worked in construction division of the army from 1918 to March 1919.

Then he found himself back in Decatur where he handled water works sales, the position now held by Tony Yonker.

In 1922 he was sent to San Francisco as assistant manager to Tom Leary, becoming manager some time later when Tom was promoted to Divisional Salesmanager.

In 1933 he was detailed to the Chattanooga force remaining there until 1937 when he was sent to the Los Angeles plant and there he remained until now.

Monty is now stepping into an important position; fortunately with a good background of Eastern requirements and acquaintance with the trade in that section.

He expects to make his home in Jersey as many other New York workers do.

As near as Monty can figure out he has travelled 13,000 miles in making all the changes enumerated above. That's why we call him "a peripatetic employee" and we judge he likes it. At any rate it has not dimmed his good nature or the smile on his face. He's the same old Monty.

Monty's friends enjoyed his visit here a week or ten days and wish him all kinds of success in his new position.

The Pacific Coast factory and office as a body presented Monty with a watch, and on the Saturday before he left the office gave a farewell dinner for him.

DON'T FORGET SUGGESTIONS

Keep your mind on the races—that is to say the Suggestion Contest. There is a lot of interest. The number submitted up to date indicates a lively contest. You might today get an idea. If you do, don't trust your memory but work out the idea immediately.

The scope of the contest has been widened.

New classifications have been provided in:

- Increased Production
- Reduced Overhead
- Safety

This includes improvements in quality covering many little points, such as elimination of nicks in goods, improvement in quality, workmanship, finish, appearance. A good suggestion on any of these may win you a prize.

Any special information or additional details will be supplied by Walter Auer of the Works Managers office.

OUT DOOR SHOW

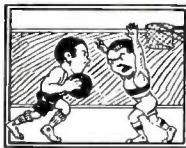

The last entertainment of the winter season and the opening of the summer season at Mueller Heights, May 24, was well attended and greatly enjoyed by all. The weather preceding and following the event was cold, threatening and disagreeable. The weather man was on the side of the committee. Warmed up for the day and evening—cool but not cold. The lunch and show were up to standard. A similar entertainment may be given in the fall if there is sufficient interest manifested.

STRONG? OH BOY

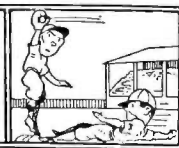

Charlie Johnson has given his baby—that bright red one, a new pair of shoes—tires. He did not burn them up. He smoked them out. "Smitty" says even the tires grew weak by close association with that corn cob pipe. Phew!

Unlucky Editor

The editor who printed in his paper, "The Ladies' Aid will hold another fool sale," instead of "food sale," is expected to recover.

Athletics

Softball

Softball at Mueller Heights has started for a new high this summer. The all star team has played 4 games and won 2. The boys are digging in this season and are trying to show a very good brand of ball. Just give them 2 or 3 more weeks and you will see some of the best softball being played at Mueller Heights that has ever been shown out there.

A seven team league has been organized in the Mueller league and it looks as though there is going to be a lot of competition this year. If you want to see some good hearted competition among the boys in the plant this summer see as many of the league games as possible.

Croquet

The croquet players will have no excuse about making the balls go through the arches. The courts this year will be worked on daily and should be in good condition at all times. Also there are new sets at each court for the use of the employees, members of their families and friends.

Badminton

The badminton rackets at the lodge are available to any employee who cares to play badminton. Shuttlecocks will be sold to the employee for 30c each. These may be purchased from Mrs. Johnson at the lodge or at the employment office.

Bank Bowling

A new game has been added to the program at the lodge. It is known as bank bowling. It is a miniature bowling alley and should be very popular with all of our people. This miniature bowling alley is placed on the north porch of the lodge and is available for play at the same time as the rest of the equipment.

Golf

A 72-hole golf tournament for Mueller employees has been laid out to be played in 18-hole matches. This tournament will last through the summer and the fellows are supposed to play one 18-hole match each month.

Forty-five men have declared their intention to play and it looks as if this is going to be one of the most popular sports this summer.

Prizes will be awarded for each 18 holes of play. One dozen golf balls will be given to those payers who qualify for the varied scores according to the schedule that we have decided on.

Girls' Softball Team

Every Thursday night the Tenny Girl's Softball team will play the best girl's soft-

ball teams in the state, on our diamond. So plan to see as many games as you can this summer.

ALL-AROUND ATHLETE

A. C. Werdes, that nifty scrambler of eggs and figures, and who is rather adept at knocking down the pins, shot a dazzling 69 on the Nelson Park Golf course the other day. Auggie was playing in the tournament which is to close picnic day.

VISITORS AT THE PLANT

Pat McShane of Hopkinsville, Kentucky, was a recent visitor at the plant. Loyle Davis showed him about. Mr. McShane is in business with his father, Hugh McShane, a plumber, at Hopkinsville, and at one time the father and four sons were in the plumbing business there. Mr. McShane was accompanied by Mr. H. H. Combs, also of Hopkinsville.

VISITORS FROM CALIFORNIA

Mr. and Mrs. L. M. Cochran and son, Dennis, of Los Angeles, are guests of Mr. and Mrs. Preston Ruthrauff, Cost Department.

Mabel Gates, Stationery Department, attended the wedding of her cousin, Helen Cloyd of Springfield, to Fred Rusk of Bloomington, on June 1. The wedding took place in Springfield.

BIRTHS

BLANKENBURG—Mr. and Mrs. Eric Blankenburg, a son, June 5. Mr. Blankenburg is a pattern maker.

SULWER—Mr. and Mrs. George Sulwer, Polishing Dept., a son, Joseph Patrick, May 23.

SCHROEDER — Mr. and Mrs. Charles Schroeder, Plant 2, a daughter, June 10.

NEITHER HERE NOR THERE

* * *

(Further Ruminations from a Third Floor Window)

* * *

You'd know this was June, even if you didn't have the calendar to guide you. The reason? Well, there are brides—and grooms—in the news. There are showers and weddings. And, further, people are beginning their vacations, a grand indication of Summer in anybody's language.

Jack Rubicam "up and did it." His wedding day was Saturday, June 8, and on Monday morning, Jack, laden with candy and cigars, was on hand to receive everybody's congratulations. Jack and his bride, the former Dorothy Durham, were married in Decatur and afterwards motored to St. Louis.

Earl Harris of the Paymaster's office, left Decatur for California on Decoration Day, and from the post cards that have been arriving, he and his party seem to be having a most enjoyable trip. Postmistress D. (Farley) Gepford reports that some very clever messages have been received on Third Floor by the traveling Mr. Harris. We're waiting to hear all about California and way points on his return.

Recent visitors have included Mont E. Henderson, once of Illinois, but for some years of California, and Lloyd George of Indianapolis, who was here May 29.

Helen Brannan returned May 27 from a vacation jaunt to the quaint and beautiful city of New Orleans. Helen reports that she and Bill had a most enjoyable vacation.

Helen Bailey checked out Friday, June 7 to join her husband in Peoria. She was given a farewell dinner by a group of her friends at the St. Nicholas Red Room.

Wera Bauer Colglazier, the newest bride on third floor, is proving what everybody already knew, that she is a very capable cook and gracious hostess. She entertained the five girls who were hostesses at her bridal shower at dinner recently. Then on the evening of June 3 she entertained the members of the Billing Dept. at dinner.

Ethel Turley has been working on third floor for a couple of weeks, assisting with some sales department surveys.

Curtis Bauer became a member of the Cost Dept. staff on June 10, combining the duties of comptometer operator and stenographer. Dorothy Cooper has moved to the desk North of the one at which she formerly worked.

Ellen Jane Peabody spent June 10 and 11

in Chicago with a cousin from the State of Washington who was on her way Southeast to be bridesmaid at the wedding of a school friend. Ellen Jane reports a pleasant if somewhat chilly time in the Big City.

Helen Brannan attended the June 11 performance of "The American Way" at the St. Louis Municipal Theatre. The opera was excellent, and, in spite of a severe storm in the afternoon, the show went on.

Irene Otis spent several days the latter part of the first week in June a-vacationing at home.

Third-Floorites (feminine) were out in force at the lovely tea at the Decatur Club on the first day of June at which the date of the wedding of Elois Wood, the very next office bride, and Delos Cozad, Jr., was announced. The girls were also on hand to give Elois a nice send-off at a shower of miscellaneous gifts at the Mueller Athletic Club, June 11.

The Everett Wacasers were "among those present" at the June 8 performance of the Municipal Theatre's "American Way" in St. Louis.

(Continued on Next Page)

ON STARVED ROCK

Three core room girls resting from a climb to the top at Starved Rock on Sunday, May 19. Reading left to right, they are: Jennie Kinney, Emily Walton, and Margaret Behrends.

BRASS CHIPS

Delmont Parks, Dept. 9 made a trip to Florida and return between May 14 and May 21.

A. W. Gordon, Dept. 9, has been confined to Hines hospital near Chicago since May 14. Reports from his family indicate that his condition is very satisfactory.

Wallace Dudley, Dept. 8, is still confined to his home following an operation for appendicitis.

C. W. Murray, Jr. is ill with malaria and has been unable to work since May 13.

Russell Short, Dept. 9, returned June 11 following a leave of absence because of ill health.

Everett Dickey of the Credit Department and Frank Edmonson of the Cost Department both were victims of the sore throat malady, and both lost several days work.

Ernest Waddell, Dept. 300, returned to work May 27 following a two weeks siege of the flu.

H. A. Wacaser, watchman, has been confined to his home since May 24 because of illness.

Leonard Gilmore, Dept. 8, lost two days work following a bruise to his shin.

Paul Holmes, Dept. 9, lost one day after a brass chip hit him in the eye on May 23.

The mother of L. E. Kramer, Dept. 9, and Leo Kramer, Dept. 8, died May 26. She was a resident of Logotee, Illinois.

Howard Blankenship, Dept. 9, suffered a badly lacerated finger May 26, which caused him to lose three days work.

Mark Simpson took several days vacation around the first of the month to study for final examinations at Millikin.

W. S. Anderson has been absent from work since June 4. At the present time, Bill and Mrs. Anderson have gone to Excelsior Springs, Missouri, where they are undergoing treatment at the Ball Sanatorium.

O. C. Draper, Ray Kileen, Ernest Krumsiek, Robert Tauber, T. E. Gaither, Lloyd George, and Floyd V. Johnson were representatives at the convention of the National Association of Master Plumbers, Cincinnati, June 10-13.

John (Fireball) Smith was off duty several days because of a heavy cold. His

helper, Donald Dickey, is still engaged in building a house.

John Gray, Dept. 6, took a vacation during the week of June 10.

O. J. Hawkins, Purchasing Agent, attended the Purchasing Agents Convention in Cincinnati June 3-6.

Karl Brimm of the Printing Department, accompanied by his wife and daughter, Nancy Lou, drove to St. Louis Saturday, June 8, for a visit with relatives.

(Continued from Preceding Page)

O. C. Draper, along with Ray Kileen, Bob Taubeg and Ernie Krumsiek, was in Cincinnati the week of June 10 to attend the convention of the National Association of Master Plumbers.

If we could, we think we would compose a little hymn of gratitude. We have an idea that we have a right to be more grateful than we can say for the privilege of living in a country where we can ruminate over parties and vacations and other pleasant and not too vital things. There are millions of fellow-creatures who are compelled to confine their ruminations to gas-masks, air-raids and food ration cards.

AS USUAL

That last party at the Okaw produced some first page news, including the big fish Ed Stille caught—for a second—and then let it get away. Another nibble a minute later made him think the big boy had come back for another round. Ed gave a mighty pull and look what he got! He brought it back to the cabin and unsuccessfully pleaded with Adolph to fry it for him for dinner.

Adolph refused because the Okaw had a fishing reputation to maintain. "And furthermore," he added, "this is a he-man's party and not a kindergarten outing."

The 1940 yield of graduates total 14—Ten from Decatur and vicinity and four from Los Angeles and other California High Schools. They are a bunch of fine looking boys and girls and are well prepared to enter the battle of life even should they not pursue their studies in higher educational institutions.

All the above were graduates from Public High Schools except Thomas Foley. He graduated from St. Teresa High School. He is planning to enter University of Illinois in September to study Art.

DEGREE OF SCIENCE

Earl Duncan, well known among the office employees and baseball fans, graduated from the University of Illinois of June 10, receiving his degree of Bachelor of Science in Accounting and Business Administration. Earl worked in the Cost Department before resigning to enter the University four years ago, and has worked there during his summer vacations since that time. His friends will be glad to know that Earl has received his degree.

Walter Kopetz, student at the University of Illinois in the Mechanical Engineering Department, is working in the Experimental Engineering Department under Frank H. Mueller during the summer vacation.

Curtis Bauer went to work in the Cost Department on June 4 after graduating from the Decatur High School, where he specialized in office procedure.

Good fortune comes to him who takes care to keep her.

A YOUNG GRADUATE

Fredric Edward Schluter, Jr., eldest grandson of Mr. and Mrs. Adolph Mueller, graduated recently from the Princeton Country Day School. Fredric Jr. has been a frequent visitor to Mueller picnics and while he is getting to be a big boy now his friends here hope that he will not forget them.

Made a Hit

"Why should a great strong man like you be found begging?"

"It is the only profession I know in which a gentleman can address a beautiful woman without an introduction."

"Commendable! Here's a half-dollar for you."

Out of the Running

Mistress: "Jane, I saw the milkman kiss you this morning. In the future I will take the milk in."

Jane: "T'wouldn't be no use, mum. He's promised never to kiss anybody but me."

Los Angeles graduates reading from top down—Kenneth Foltz, Lois Baber, Roe Foote, Dorothy Foote.

Reading left to right—Donald W. Ammann, Jack Ruthrauff, Thomas Foley, Robert Whitacre, Eugene Dale Spencer.

DEATHS

Mrs. Alma Grace Wallace

Mrs. Alma Grace Wallace, 62, of Litchfield, died in the home of her son, Lester Wallace, Brass Foundry, on June 3. Mrs. Wallace had undergone an operation on March 11 and suffered a relapse while visiting her son. Funeral services were held on June 5 in Litchfield.

Mrs. Emma Nolan

Mrs. Emma Nolan, 39, died May 16 at the Little Company of Mary hospital in Chicago, following an illness of eight weeks. Mrs. Nolan, the former Emma Leipski, worked for the Mueller Co. from 1921 to 1925, first in the Polishing Department and later as an assembler. She was married in 1925 to Fred Nolan of Chicago and had since resided there. She was the daughter of Gottlieb Leipski, Dept. 8, and the sister of Henry Leipski, Pattern Shop. She is survived by the following brothers and sisters: Adolph, Robert, Henrietta, and Esther Leipski, all of Decatur, and Mrs. Victor Haynes of McGee, Arkansas. Her mother is also living. Funeral services were conducted in the Moran Funeral Home at 12:30 Saturday, and at 1 P. M. in the St. Johannes Lutheran Church. Burial was in the Lutheran cemetery.

Richard S. Cash

Richard S. Cash, age 67, died at his home 1419 N. Poole street on May 24, following an illness of fifteen months. He had worked for the Mueller Co. for thirteen years prior to his retirement on April 13, 1938 because of ill health.

Dick, as he was known about the plant, was first employed at the Vitreous Plant in the capacity of a foreman. Later he was transferred to the Maintenance Department at the main plant, and finally became a watchman.

He was born March 1, 1873 in Morgan county, and was married in 1901 to Talahsee Sexton in Ashland, Illinois. Mrs. Cash survives him, as do two children, Eugene, who works in the office of the Brass Foundry,

and Mrs. Rose Minter of Peoria.

Funeral services were held on Monday at the Moran and Sons' funeral home, with burial at Graceland Cemetery.

Mrs. Amalia Salogga

Mrs. Amalia Salogga, mother of Mrs. Bert Kitchen, Jacksonville, Florida, died in her home at 1025 East Orchard street on May 16. Death was attributed to a heart ailment. Mrs. Salogga was born in Germany September 25, 1860, and had lived in Decatur since 1884. In 1886 she married Fred Salogga, who survives. Mrs. Salogga leaves besides her husband and Mrs. Kitchen, three daughters, Mrs. Earl Lucas, Mrs. Kelly Clark, and Mrs. Fred Gendry of Decatur, and two sons, Arthur and Fred of Gary, Indiana. Funeral services were held at 3 P. M. Saturday at the residence, and at 3:30 P. M. in the St. Johannes Lutheran Church. Interment was at the Lutheran Cemetery.

WE HAD TWO WINNERS

The International Delphi sponsored a public card party and style show on Wednesday evening, May 22, at the Masonic Temple. The Mueller Co. was well represented and succeeded in walking off with first and second prizes in pinochle. Mrs. Gladys Masterson won the first prize, and Mrs. Mae Gillibrand the second. Elois Wood was one of the models and Mrs. Mildred Shannon, was a member of the committee looking after the arrangements.

JOHN NOW AT HOME

John Smith is now a home owner but does not have to accommodate himself to new environments. After living two years in the house at 1130 W. Grand Avenue, he bought the property.

Good move, John.

Auto or Irate Papa?

"Here lies the body of Willie the Sniek. His intentions were good—his control very weak."

LOS ANGELES LETTER

Once again the weather is nice and the great out of doors seems to be calling. To nearly everyone it means the time of year to plan beach parties and picnics. It will soon be time for our annual picnic and it isn't at all too early to plan your day at our picnic.

The time is Saturday, July 20, and the place is the same park in Alhambra. The park is really beautiful now that the work has been completed. Above all, we have full sway for that day. Why not plan to see our softball game in the morning and then participate in the games. Be young again or yet, and enter into the fun. The high spot of the day, of course, will be the community eat at 6 o'clock. Plan now to bring your lunch and join the fun. As the sun goes down we'll all sing in spite of or because we have full stomachs. This picnic is going to be a "honey," there's no doubt about it, and you really must not delay in making your plans to be there for your share of the enjoyment. Our friends and fellow employees up north, of course, are invited and we sincerely hope they will be with us again this year.

Then there's the dance. Every year we have a bigger and better crowd, which means that more are realizing that the dance is for everyone and not just the good dancers. If you've never been to one of our dances, drop everything and come cut a rug with us.

This tentative outline gives you an idea of what picnic day holds, and the committee hopes that you will make your plans to attend. If you care for golf the day will start before breakfast for you, and if you stay until you hear "Home Sweet Home" at night you'll not miss a single event of this joyous day.

Ray Dawkins thought someone was stealing his gasoline, but found that the sun was the thief. This sun really does things out here.

Dorothy Heflin missed a few days of work due to illness.

Roy Thomas, Jr. is now in the office and Frank Gilmore of the Core Department is in the Shipping Department.

Twenty-five fellows from the factory and office took their annual fishing trip this year, but this time they did not go to Mexican waters, but fished instead around Santa Catalina Island near Long Beach.

W. E. Mueller flew in and spent a few days. His annual address was more than enjoyed by all. His remarks were not only interesting but educational, and we enjoy his visits in a big way.

Earl "Snap" Harris of the Decatur office

dropped in for a visit and his partner, Bob Green, was along. "Snap" came during the week our usually bright sun was hidden by a high fog, so that his idea of sunny California is not what it should be.

Bud Simpson was certainly in a hurry to get to work one morning recently, but still found time to play tag. The only trouble with playing tag was that it was a cop he played with. Yep, Bud got tagged.

WE WONDER: Why Peter Brück had a very becoming skirt with ruffles wrapped around himself one afternoon?.... Where Ed Schlegel got his hair cut? Must have been an Indian barber.... What goes on in the Assembly Department on pay day?.... Will Athalie find someone to play chess with her? She has offers for all other sports, but none for chess as yet.... Why Saturday morning is a tough morning for some to come to work, especially those who don't comb their hair?....

Mr. and Mrs. W. L. Jett, accompanied by Mr. and Mrs. E. O. Stice, visited canyons over Memorial Day and had a very nice vacation. During the five days they visited Zion canyon, Brice canyon, and of course, the Grand Canyon. Among the most interesting parts of their trip was the inspection of Boulder Dam. Bill says that regardless of the number of times one sees this marvelous piece of work, it still remains interesting.

Of course, we all know Joe Higbee and Lorraine were married in Los Vegas, Nevada, with Helen Packard and Fritz Young. It was to have been a secret, but the news leaked out slowly, and now they are the recipients of good wishes from all sources.

The office enjoys hearing one's gum and just wonders what would happen if Wrigley went out of business. Of course, it isn't much worse than the whistling and singing coming from other quarters.

LOS ANGELES BOWLING

The bowling season is over, and our tears are for the Machiners. They led the league nearly all year, but started digging their own graves just before the end. Of course, the Engineers helped them along by taking three games a couple of weeks before the end of the season. Then the Assemblers finished them off and covered them in the third place. Two cartoons were placed on the bulletin board depicting the death and burial of the Machiners and showing the

(Continued on Page 11)

(Continued from Preceding Page)

Engineers giving them a decent burial.

WORMS

Ed Stille presented his force with some fine juicy mulberries. They were greatly appreciated and their flavor complimented until one of the boys discovered they were filled with worms. "Oñ, well," said one of the gang. "let's do like that negro joke that I saw in the Record. The negro was eating an apple when a companion said, 'Fastus that apple is full of worms.' Rastus kept on unperturbed, stopping just long enough to answer, 'Is dat so? Well its the worm's business to get out of the way when I'se eatin' an apple.'"

Paul Jacka was here again this month, but Paul's visits are so hurried that he scarcely has time to say "hello" to his old friends.

WM. F. DENNIS RETIRES

Second Man to Take Advantage of Social Security Act

We met William F. Dennis the other day for the first time although he has been with us for a long time. In fact, he joined us on February 6, 1925, with a brief exception during the depression. This being the first meeting may also be the last because Mr. Dennis' visit was for the purpose of checking out and taking the benefits of the Social Security Act. Adolph joined in on the conversation and got a little of Mr. Dennis' philosophy. "Yes sir," said he to Adolph. "I'm checking out. Am seventy-five years old and the work does not go as easy as it use to. So why shouldn't I step aside and give some younger fellow a chance."

Mr. Dennis owns a half-acre of fine land with a five room house one quarter of a mile north of Green's Switch, and "nothing against it," he added with satisfied smile.

He lives there with his daughter and expects to keep busy getting his property in first class shape. Mrs. Dennis passed away last December. When checking out Mr. Dennis was accompanied by his grandson, Melvin Eugene Sloan.

While a member of our organization he was known as "the barrel man". In a building set apart for the purpose he put barrels in condition for shipping out heavy brass goods.

WHY, WE ASK?

Don Dickey of Ed Stille's department is building himself a neat little home west of Decatur. It's in the neighborhood where Roy Pease lives. Don puts in all his spare time on the job occasionally taking a day off to push the work ahead. He also has a fine and promising garden coming along. We are wondering if Don is going to "bach it" or become a recluse. If not why is he building a home and growing a garden?---

SATURDAY, AUG. 17th

A COZY HOME

**That's the Date of the 1940 Picnic at
Mueller Lodge**

The 1940 picnic pot is beginning to boil. The date is Saturday, August 17. We know that is nearly two months distant, but 8 weeks roll around in very short time—that's why the early announcement of the date is being made. We want to get it fixed in your minds to afford you every opportunity to make plans and not to let anything interfere with your attendance at the one big event of the summer.

It is a little early to go into details. The committee is planning a fine program and hopes to present a number of new features. Some of the old favorites will be retained such as the Merry-Go-Round. It is the hope of the committee to get the electric train again but as in the case of some of the other features the final details have not been completed. It is also the intention to have afternoon and evening stage shows, the programs being varied so that in effect it will be two different shows.

A number of new and entertaining novelties that will be popular are in sight. Negotiations are in progress, and definite announcements will be made later.

In the meantime keep in mind the date, Saturday, August 17, and shape your plans so that you may be on hand for the outing, and a day of enjoyment with your fellow-workers, friends and neighbors.

—●—
GONNA BE A GREAT DAY.

SHORT VACATION

Mr. and Mrs. August Jendry took a short vacation down to the southern part of Illinois over the week end of June 8. They went fishing at Twin Lakes near Patis, attended a rodeo, and drove through the oil fields.

Quick to Answer

Warden: "Now that you're here for ten years, you may learn a trade. What would you like to be?"

Prisoner: "A traveling salesman."

**WHY MARGARET HAD A STIFF
NECK**

This is another fish story, but to the best of our knowledge it is true. Mrs. Margaret Woodruff was complaining about her neck being stiff. The reason was Margaret had caught so many fish, and such big ones, the night before that she had strained the ligaments in her neck. It is feared that Margaret didn't receive much sympathy, especially from those unsuccessful fishermen who sat on the bank on both sides and watched Margaret haul in her catches.

This charming little five room cottage is white trimmed with blue, the home of Mr. and Mrs. Thomas Mudd, 924 N. Warren street. Mr. Mudd purchased a small two room dwelling which stood on this lot two years ago, and in the interval has devoted all his spare time to remodeling it until today it is thoroughly modern, equipped throughout with Mueller goods, and it is all paid for. All the work was done by Mr. Mudd, together with the aid of his family, and they are justified in being proud of their home. Mr. Mudd has been with the company since February 18, 1929, and is at the present time in Department 8. The house is wider than the picture shows, one room being cut off in the making of the cugraving.

—●—
It is the nature of the human disposition to hate him whom you have injured.

THE BYERS BOYS

Meet the three stars of the Byers family, Clarence Raymond, age 4, Donald Eugene, age 3, and Jackie Pale, 11 months. They are the sons of Mr. and Mrs. Raymond Byers, who live in a home which they own near Harris-town. Mr. Byers is employed in the Brass Foundry.

VACATIONS NOW THE VOGUE

Doherty Family Visit Ship Yards on East Coast—Lucile Smith at Fair

Mr. and Mrs. C. W. Doherty, accompanied by Mrs. C. C. Doherty, Mary Adelaide Doherty, and Mrs. E. F. Sinnott drove 2,400 miles in eight days, and visited a number of interesting places on the east coast. Mrs. Sinnott, who is a sister-in-law of Bill, went to visit her husband, who works in the ship yard at Portsmouth, Virginia. The party visited ship yards at Newport News, Norfolk and Portsmouth, and Langley air field, Old Williamsburg, and ferried over to Hampton Roads, the base for the United States battleships, where they saw two battleships, the only ones that were in at that time. From Williamsburg to Yorktown on the James River, they drove over the new Rockefeller Memorial highway, the most beautiful highway in that part of the country. Bill was very much interested in the ship yards, and reports that 4,000 more men are now employed in the ship yards at Norfolk than at any time during the World War. Men working there must carry positive identifications including badges with their photographs before they are even admitted to the grounds.

The party were in Washington and saw the president the day he made the speech before the joint houses presenting his billion dollar defense program.

The route to the coast took them through Kentucky and West Virginia, and they returned through Pennsylvania and Ohio. One day was spent visiting at Virginia Beach, and another in the swamps of South Carolina.

Lucile Smith of the Purchasing Department, attended the National Bowling Tournament for women at Syracuse, N. Y., May 13. She accompanied Mrs. W. R. Gustin and Mrs. E. Baker and daughter, Ruth. After the tournament the group drove on to New York City where they visited the World Fair, viewed New York from the top of the Empire State Building, saw the Normandie at dock, and otherwise went sight-seeing.

ONE BIG VACATION

Postcards received from Earl Harris en route to California indicate that Earl is passing up no opportunity for a grand vacation. Earl took along four girls, so he certainly started out well equipped. One card informed us that he threw away the steering wheel in Oklahoma, because it took up too much of his time. Another advised that the trip had been taken for a rest and a change, and that the hotels were getting his change and other places along the route were getting the rest.

Mrs. Helca Wallisa Bailey of the Cost

Department, checked out June 7 to join her husband, who is working in Peoria. She went to work in the office of Sears Roebuck Co. the following Monday. Helen was given a farewell dinner at the St. Nicholas Red Room a few evenings prior to her departure.

THE ROVING CHANEY

The adjective "peripatetic" can be applied to our Machine Engineer, Melvin Chaney, without fear of contradiction or exaggeration. Melvin, accompanied by his wife and two sons, Gene and Jimmy, left Decatur on Friday evening, June 7, and drove to Waterford, Pennsylvania, where Melvin's parents live. Mrs. Chaney and the boys remained, while Chaney was back on the job by Tuesday noon, June 11. He plans to leave again June 21 to visit his family until June 25, then attend the Tool Show in Cleveland on June 25 and 26, return to Pennsylvania for the week end, and be back in Decatur, July 1. Mrs. Chaney and Jimmy will return at this time, but the older boy, Gene, will spend the summer with his grandparents.

ALWAYS HAPPY

Erma Louise Dannewitz is the two year old daughter of Mr. and Mrs. F. W. Dannewitz. The father is a member of Dept. 300. Erma is having herself a good time while her "picture is being took."

ED. STILLE TAKES TO ART

Shows Skill in Sign Writing at the Cafeteria

Ed Stille is practicing a new art—sign writing. His first effort was the menu for noon day luncheon on the black board at the entrance to the cafeteria. We naturally wondered why food became his first "model". Then it came to us in a flash. We have seen him eat down at the Okaw. His second attempt was a real work of art, but puzzling because of the extensive variety of meats, vegetables, puddings, pies, etc. We figured this out as a result of a night mare the night before. It brought to memory a story of the fashionable New Yorker out west. Going into a little restaurant for breakfast he was handed a breakfast menu listing all viands known to an army of chefs and proceeded to order an elaborate morning meal. When he had finished the tough waiter gave him a withering look and hissed between his lips.

"Take ham and eggs, you such and such, that's all we got."

WHEN KNIGHTS WERE BOLD

The last party at the Okaw had a good time after they got to the cabin. Been quite a bit of water down there this spring and water and bottom land do not combine to make good roads for automobiles. In consequence the party left machines some distance away and made entrance and exit via good old dobbin and farm wagons. Coming out it was necessary for some one to ride a saddle horse, and Purchasing Agent Hawkins was nominated and elected, or should we say raised to the back of the snorting charger. He came out with flying colors and all the grace and glory of a Sir Galahad or a Sir Launcelot, as shown by our cartoonist Rex Smith. Gaze upon his knightly figure cap-a-pie.

SEE HER SMILE

Here we have Roberta Helen, 8 months old daughter of Mr. and Mrs. Harry Bolz. Harry is a member of the Polishing Room force. While Harry polishes Roberta smiles and has herself a good time.

BE A GOOD FORGETTER

Life is too short to remember the things that would prevent one's doing his best.

"Forgetting the things that are behind, I press forward," said a brave old man in the first century.

The successful man forgets.

He knows the past is irrevocable. He lets the dead past bury its dead. He is running a race. He cannot afford to look behind. His eye is on the winning post.

The magnanimous man forgets.

He is too big to let little things disturb him. He forgets quickly and forgets easily. If anyone does him a wrong, he "considers the source" and keeps sweet. It is only the small man who cherishes a low revenge.

Be a forgetter.

Business dictates it, and—
Success demands it.

—Frank's Review.

QUIT CHAWIN'

The maintenance crew has inaugurated a reform. Most members of the crew "chaw." A compact was made that the first one caught chawin' would have to forfeit \$5 if caught with the weed in his mouth. Some of the non-chawers are in on the game. They say its an easy bet, and hope by diligent detective work to cop off a fiver.

Forgive every mans faults but your own.

—::—

To make the hours go fast use the present duty as a spur.

SARNIA

On May 17th L. M. Bice of the Foundry Division became the proud father of a baby girl, "Margaret Carole Bice". We extend our congratulations.

Gordon (Ted) Harkins of the Brass Finishing Dept., left on Monday, June 10th, to join the Royal Canadian Air Force. Ted has been with the Company for approximately three years. We wish Ted the best of luck in his new venture.

Mr. Jack Conway, our Vancouver Representative and territorial Sales Manager called at the office on June 6, 7th and 8th. Mr. Conway advised us that he has become a grandfather for the first time. He also advised that his son has been appointed Lieutenant and is now serving in the 42nd Infantry Regiment in Calgary, a Scottish regiment.

We offer our deepest sympathy to Charles and Frank Snider of the Iron and Steel Department in their loss of their father. Mr. Charles Snider Sr. passed away on Sunday, June 9th.

TRY CAFETERIA

You Will Find It Satisfactory and Agreeable—Good Eats

Don't overlook the fact that the cafeteria is in favor with most of the employees but can accommodate more.

If you want to bring your own lunch and supplement it with a cup of coffee, a salad, or cooked vegetable you are perfectly welcome to do so and we should like to see employees follow this plan. Food experts advise that one hot food should be made a part of an otherwise cold lunch. If you want a light lunch try a sandwich and a bottle of milk or a salad, a vegetable and a piece of pie. The cafeteria is for your convenience. The quality of food and cooking is high grade, cleanliness is an outstanding inducement, and comfortable pleasant surroundings another.

Meeting and visiting with your friends makes a pleasant break in the day's work.

The regular attendance now is good but not large compared to the size of the force.

Either Way Round

Hee: "A friend of mine named his child Carol because she was born on Christmas."

Haw: "She? I thought a carol was a hymn."

Just the Color

He told the shy maid of his love,

The colour left her cheeks;

But on the shoulder of his coat

It showed for several weeks.

THE STUFF

It isn't the victory after all

But the fight that a brother makes;

The man, who, driven against the wall,

Still stands up erect and takes

The blows of fate with his head held high,

Bleeding, and bruised and pale,

Is the man who'll win in the by and by,

For he isn't afraid to fail.

It's the bumps you get, and the jolts you get

And the shocks that your courage stands,

The hours of sorrow and vain regret,

The prize that escapes your hands,

That test your mettle and prove your worth;

It isn't the blows you deal,

But the blows you take on the good old earth

That shows if your stuff is real.

—Lykes Fleet Flashes

Time to Get Busy

He—If I kiss you, will you call your mother?

She—What do you want to do—kiss the whole family?

*Happy were men if they but understood.
There is no safety but in doing good.*

Such a Mug!

"Do you like my hat, Mrs. Green?"

"Yes, I like it all right, but there's one thing wrong with it,"

"What's that?"

"It makes your face look shabby."

A good man is kinder to his enemy, than bad men are to their friends.

Knows the Ladies

College Girl: "Call for me tonight at eight sharp."

College Boy: "O. K., what time will you be ready?"

Everyone can master grief but he that has it.

A genius is a man who can re-write one of Bill Jetts Jokes and have it accepted by the Woman's Home Companion.

Unbidden guests are often welcomest when they are gone.

And Eggs Only 30c Per Doz.

"Joe, you carry the baby and let me have the eggs. You might drop them."

Famine drives the wolf from the woods but doesn't keep the beast from the door.

To get at the kernel you must crack the shell.

The heaviest debt is that of gratitude, when it is not in our power to repay it.

"WHAT HAVE YOU PAGE?"

ENTERTAINMENT

Foltz Puppet Shows adaptable for any gathering. Prices reasonable. Special rates to churches. Inquire at 1326 N. Church. Willard Foltz.

LOST AND FOUND

Found—Ten Year Service Pin. Employment Department.

ITEMS FOR SALE

Brooms For Sale—Made by the blind at factory in Tuscola. Handled by Mrs. Charles Riley, 1111 N. Monroe. Phone 2-5146.

Household Goods for sale very reasonable—Davenport, Library table, Book case, Rocking chairs, Porch swing, Bed, Table, Congoleum rug. Call at 279 E. Marietta.

FOR SALE—A Garland Gas Range side oven in good condition, \$3.00. Inquire at 1729 N. Witchell Ave. or Louis Bland of Dept. 9.

For Sale: Beautiful inlaid glass benches for rock gardens or lawns. Something new, different, and ever-lasting. F. H. Williams, 1027 E. Riverside.

For Sale:—Bicycle, Firestone—used less than 3 months. In perfect shape. See Robert Harvey—Polishing Dept.

For Sale—Cream and green enamel kitchen range. Good condition. 1464 E. Leafland.

For Sale—Golf Clubs. Left Handed. Two Woods (driver and brassie), seven irons. Olie Fortschneider—3526. Dept. No. 35. Phone 2-5483.

For Sale: Perennials. Over 100 different kinds Iris at 10c each or 15 for \$1.00. Also Oriental Poppies, Phlox, Shasta Daisy, Columbine, Peony, Gaillardia, Linum Perennial Flax), Golden Marguerite, Sweet Rocket, Gypsophila (Baby's breath) at different prices. Mrs. Roy B. Pease, Route 3, West Main Hard Road.

FOR SALE:—Refrigerator, top icer, 50 lb size. Also, refrigerator, top icer, 75 lb. size, excellent condition. Will sell cheap. See Wm. Hise, Clock No. 1102, 1337 E. Eldorado.

FOR SALE—Rolled Rim Porcelain Kitchen Sink. Also, Force Pump for well. H. A. Wacaser. Telephone 2-2586.

For Sale: Simmons roll-away bed, three-way cabinet, and 4 burner gas stove, small size. Priced to sell. W. H. Blankenship, Dept. 9. 1034 W. Green.

ITEMS FOR SALE

FOR SALE—Six Foot Frigidaire, \$40.00. Big Bargain. Telephone 2-1276.

For Sale: The George Tolliday property at 532 West King Street, corner of College. The lot has frontage of 136 feet on W. King Street and 58 feet on N. College. This makes available a lot amply large for another residence. The Tolliday property is substantially built, 5-room bungalow consisting of rooms, etc. It is an excellent location for one of our employees, and a good investment.

Mr. Tolliday's desire to sell is due to the fact that he is now a resident of Los Angeles, employed in Mueller Co.'s Pacific Coast factory.

If you consider building or buying a home we suggest that you first investigate this opportunity.

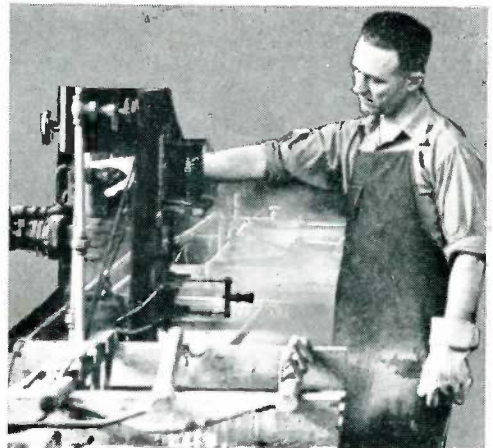

For complete information, see Mr. O. C. Keil, Main Office.

For Sale: Yellow Pop Corn—7c per pound. Roy Pease, Harristown, Box. 296.

WANTED

Wanted: Wall paper to clean. Reasonable price and work guaranteed. Claude Stacey, 1042 N. Union, telephone 9115.

AT THE CONTROLS

—Photo by Walter Bowman

Elmer Musgrave of the Plating Department, operating one of the controls which regulate the deposit of nickel, cadmium, etc. on our plated work. Like most Mueller men, Elmer has had years of experience in the plumbing division.
